

# Potential of the Local Community

Juroku Financial Group's main business areas are Gifu Prefecture and Aichi Prefecture. This region has many distinctive local industries including automobiles, as well as cutlery, ceramics, and plastic products, and it is a bulwark of Japanese manufacturing. In the future, there are plans for further infrastructure development such as the planned opening of the completed Tokai-Kanjo Expressway and the Linear Chuo Shinkansen (SCMAGLEV), as well as the development of a support base to promote the creation and nurturing of startups and open innovation, and greater economic benefits are expected.

### Construction of the Tokai-Kanjo Expressway

- An expressway built to high standards, with a length of approximately 153 kilometers, spanning the three prefectures of Aichi, Gifu, and Mie.
- Expected to have stock effects, such as improving corporate activities, making logistics more efficient, and revitalizing tourism.
- The full expressway is scheduled to open in 2026.
- The Tokai-Kanjo Expressway can also serve as a detour in the event of traffic congestion or accidents on the Tomei, Meishin, Chuo, or Tokai-Hokuriku Expressways, and as an alternative route in the event of a large-scale disaster.
